

3 CORVINAS

An Exclusive Project by LussoGroup

3 Corvinas is a boutique residential project developed by LussoGroup.es, designed for those seeking contemporary architecture, exclusivity, and a way to experience the Mediterranean through quality, design, and a smart investment.

A limited collection of three independent villas, where every detail has been carefully considered to reflect the essence of the Mediterranean: timeless elegance, fine materials, and spaces that convey well-being.

THE PROJECT

The project is located on a 2,000 m² plot, strategically divided into three private parcels, guaranteeing independence, privacy, and a high-end residential experience.

Each villa has been designed with a modern and balanced architectural style, featuring clean lines and a strong connection between the interior and exterior. Natural light, open views, and a sense of spaciousness are key elements throughout the complex.
